## 2. Tourism & Tours

### 2.1 The Netherlands

**The Netherlands may be small in size, but that also makes it a very compact country, offering more opportunities per square kilometre than you can find anywhere else in the world! And there are more reasons why the Netherlands is such a fantastic destination for the Arena European Masters Championships 2013.**

The Dutch open and tolerant character is very much evidenced by its hospitality towards foreigners. Throughout the centuries, refugees from other countries have found a new and safe homeland here. Although Dutch is the official language, most people also speak English, German and/or French. As any visitor to this charming land can attest, the Dutch truly enjoy contact with people from abroad and will make you feel at home in no time at all.

The Dutch look beyond their national borders. They are creative, open - minded and pragmatic. They are informal and amicable, even in sports competitions. Thanks to our ample experience in organizing sports events, you may rely fully on our professional volunteers for the organization of the Arena European Championships Masters 2013. The Dutch organizers are friendly, pragmatic and decisive.

The Netherlands welcome about ten million foreign visitors a year. The (business) tourism sector is one of the country's main sources of employment. Foreign visitors come mainly from Germany, followed by the United Kingdom, Belgium, the United States and France.

When people think of the Netherlands, tulips, windmills, cheese and clogs are what mostly come to mind - the Dutch 'classics'. Although part of the heritage and hugely important as a source for tourism, there is so much more to this compact country. The Netherlands offers a vast range of attractions and activities, from beautiful, green polder plains to broad sandy beaches along the North Sea coast and modern world-class cities. Moreover, the Netherlands is a stable country with a high level of prosperity and a rich range of culture on offer, with the highest density of museums per square meter anywhere. Amsterdam alone is home to more than 40 museums and Amsterdam is a 60 minutes driving distance away from Eindhoven.

## 2. Tourism & Tours

### 2.2 The City of Eindhoven

Welcome to Eindhoven! Eindhoven is a wonderful place to live, work, study and relax. Our Technical University and the Design Academy rank among the best universities worldwide. We have exquisite facilities for arts and culture such as the renowned contemporary art museum Van Abbe and music centre Frits Philips with its superb acoustics. Furthermore, Eindhoven is a very green city with outstretched parks and far more trees than the other large cities of our country.

Its central location within Europe makes Eindhoven, and surrounding areas, an excellent place for any major event. Important European cities such as London, Paris, Berlin and Brussels are reachable within a short travel distance. With Eindhoven Airport; Amsterdam Airport Schiphol; a modern train station; and an advanced highway network anybody will find a convenient way to come to our city.

## 2. Tourism & Tours

### 2.3 Social Events

To make this 14th edition of the Arena European Masters Championships even more special, the organizing committee has something special to offer you! Of course swimming is your main reason to visit Eindhoven, but the Netherlands has much more to offer. In Eindhoven, there are plenty of things to do. Museums, nature, relaxation, shops, bars, restaurants, this city has it all. Also our capital city, Amsterdam, cannot be forgotten! Amsterdam is the perfect place to spend a whole day and entertain yourself or be entertained. Of course, the city is known for its many canals and bridges. Also the rich history of the city, visible in the various museums and the architecture throughout the city, is worth to watch. If you want to relax after you went shopping, you can visit the numerous cafes and restaurants all around the city.

Would you like to explore the beautiful city of Eindhoven and its surroundings or Amsterdam? Now you can! The organizing committee is putting together a special program of so called 'social events'. Social events are all kind of activities you can visit during your stay, both in and around Eindhoven as in Amsterdam! For example, you can think about visits to museums, sports related activities or walks in one of Eindhoven's many parks. There will be something interesting for everyone. Of course we are putting together special arrangements and prices for you, so the experience will be even better!

The social events will appear on our website [www.ecmasters2013.com](http://www.ecmasters2013.com) and in our newsletter. During the championships, the social events will have their own stand in the promo village. Here you can find all the social events, ask questions and buy the tickets to the event(s) of your choice!

Curious about the social events? The first events will be posted online in June. So check the website regularly and sign up to the newsletter to not miss a thing!
