EVENT CONCEPT

As the sport of Artistic Swimming has been adjusting to the restrictions during these uncertain pandemic times, the TASC has chosen to move to a virtual platform. This provides us the opportunity to connect with our athletes, coaches, judges and audience amid varying degrees of training restrictions imposed by COVID-19.

The Virtual Challenge Committee has enlisted expert coaches to create a forty-five second dryland routine challenge to engage athletes across the globe. All routines will be filmed using an Instagram water effect application to give the illusion of athletes performing in the water.

In an effort to give all athletes and coaches an opportunity to utilize the latest development in artistic swimming judging, a declared Degree of Difficulty for each routine will be calculated by the Innovation Committee. Each routine element has been created with three levels of difficulty for coaches to select from, and coaches may choose the level of difficulty which is best suited to the skill level of their athlete.

COACH INFORMATION SESSIONS

The OC will hold two coach information sessions on Monday October 26, and Tuesday, October 27 at 10:00AM EST (Miami Time). Federations and clubs must ensure that a coach is present at one of the meetings. A FINA TASC Delegate will also attend.

COMPETITION FORMAT

The FINAAS Virtual Challenge will be a Land Routine competition with all routines performed to music using an Instagram water effect application.

The water effect application can be found [here](#).

SOLO EVENT

For the Solo event, there will be three elements performed with a prescribed Degree of Difficulty per element.

All athletes/coaches will design their land routine to include the 3 required elements in the prescribed order. Each element has 3 Degree of Difficulty options to choose from - Level 1, Level 2 and Level 3. It is important for the athletes/coaches to pick a level of difficulty that the athlete is capable of performing.

Entry forms will require each solo athlete to provide the DD for each of the three elements in their routine.

The DD Committee will assess the DD of all elements ensuring that the DD is correct. If the listed DD does not match the performance, the athlete will receive a 0 DD for that element.

Each solo routine will also be assessed by a panel of 5 Elements Judges and 5 Artistic Impression Judges.

The **Elements** Score will be worth **65%** and the **Artistic Impression** Score will be worth **35%** of the total score.

FINA TD and the Evaluators will review any requests/complaints received.

Individual scores will be given to all athletes.

MIXED DUET EVENT

For the Mixed Duet event, the routine is free but must include the 3 required supplementary actions in any order:

(1) Must include one lift.

*Lifts may not contain a loss of contact throw

(2) Must contain a Paired Connected Action, involving a minimum of two positions and contact between persons. Positions may mirror or face the same direction.

(3) Must include a synchronized leg sequence in a Vertical Position.

Each Mixed Duet routine will be assessed by a panel of 5 Execution Judges and 5 Artistic Impression Judges.

The **Execution** Score will be worth **40%** and the **Artistic Impression** Score will be worth **60%** of the total score.

FINA TD and the Evaluators will review any requests/complaints received.

Individual scores will be given to all athletes.

Special thanks to Bill May and Andrea Fuentes for creating the routines for this virtual challenge.
